**THE HONORABLE GEORGE NIGH
GOVERNOR OF OKLAHOMA
MEMBERS OF THE OKLAHOMA LEGISLATURE**

The 1981-82 Annual Statistical Report on education finance, with related statistics from the Oklahoma State Department of Education is submitted herewith.

Educational achievements, under programs funded by prior sessions of the Oklahoma Legislature, have been noteworthy. Much progress has been made in upgrading the skills and talents of teachers and administrators. Intensive efforts have been made to involve parents and other members of communities served by the public schools, as educators have become more aware of the need for their involvement.

This volume only tells the statistical side of the story. The contributions made by teachers, and the future accomplishments of their students, will tell the final tale. In this uncertain time of economic change we look forward to working together so that final story will have a happy ending. Together, we can make it happen.

Respectfully submitted,

Leslie Fisher
Superintendent of Public Instruction

State Aid

Tony Risinger, Administrator

The following is the formula, as provided by law, used in the calculating of Foundation and Salary Incentive Aid. It reflects the correct amounts and factors in use today. The two equalizing factors in the formula are:

- (1) The chargeable income in the Foundation Aid section. This reflects the district's ability to support itself at home.
- (2) The district wealth ratio in the Incentive Aid section. This reflects the school district's valuation per weighted A.D.M. in relation to the State valuation per weighted A.D.M.
